Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Monday 12 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Torrential and thundery showers likely through the day.

Today:
A cloudy start but early rain or showers slowly easing, with some brighter spells developing. Further showers developing from late morning, these occasionally heavy and slow-moving, with a risk of hail, thunder and torrential downpours. Maximum temperature 21 deg C (70 deg F).

Tonight:
Showers becoming lighter and more scattered during the late evening and overnight with some clear spells developing, especially in the north and east. Most parts dry by dawn. Minimum temperature 16 deg C (61 deg F).

Tuesday:
Any remaining overnight showers soon easing, then a dry, bright and often sunny day. Some well-scattered and isolated sharp showers may develop through the afternoon. Maximum temperature 23 deg C (73 deg F).

Outlook for Wednesday to Friday:
Mainly dry and bright Wednesday, but some cloud is possible for eastern coastal areas. Drier and brighter conditions developing through Thursday and Friday, feeling rather warm in the sunshine.
